

The Bulletin.

NEWS OF THE CITY.

PROBATE COURT is yet in session, Judge Bross presiding.

THE CIRCUIT COURT will adjourn tomorrow. Very little other than criminal business has been transacted.

THE UNION COUNTY CIRCUIT COURT opens today. Many of our attorneys left for Jonesboro on yesterday's train.

AT WORK.—The city forces are already at work on the sidewalks and streets. Several dangerous holes have been repaired.

Mrs. WHITCOMB'S SYRUP.—This article is good for all diseases incident to the period of teething in children and is sold for 25 cents a bottle. jy25dawlw

EMANCIPATION DAY.—Our American citizens of African descent are preparing to celebrate the emancipation of the slaves in the West Indies in a becoming manner, with picnics, music and speeches.

PICNIC.—A select basket picnic will be given at Greenfield's Landing, Missouri, on tomorrow, July 29th. The managers are Messrs. Clark, Field, Bird and Hisey. A good band of music will be in attendance.

HIS BROTHER.—It is not our former fellow-townman, George Cary Eggleston, Esq., who is about to become managing editor of one of the New York papers, but Rev. Edward Eggleston, his brother. He goes on the Independent.

FOURTEEN YEARS.—The negro who stabbed and killed another negro sometime ago on the steamer Thompson Dean, at our wharf, was arraigned on Saturday in the Circuit Court, and pleaded guilty. He was sentenced to the penitentiary for fourteen years.

DENMARK.—This gallant little nation has prepared for war, a fact which Mr. P. Kelly's fine residence will be disposed of by a drawing on the 1st of August. The tickets are only \$5 each. Lose no time in getting one or more immediately.

FELL OFF.—A drunken man, on his winding way along Washington avenue yesterday afternoon, fell from the sidewalk near the corner of Eleventh street and injured himself severely. He was carried to the hospital in an ambulance, and at last accounts was sore and aching.

AUGUST FIRST.—This day is near at hand. In consideration of the fact that Mr. P. Kelly's fine residence is to be given away on the 1st, this is an important fact. The requisite number of tickets have not yet been sold, and an individual to secure a chance for a fortune must call on Mr. Kelly immediately.

AS LOCUSTS.—The Charter Oak Stoves are becoming such universal favorites, and are making their way into so many households, that it looks as if they were destined to cover the face of the land as the locusts of Egypt. Unlike them, however, they are blessings instead of plagues, and we wish speed to the consummation. jy25dawlw

LOST.—Last Friday afternoon, Mrs. Louis Ritter lost a round, fine gold breast pin, with coral fucia band in the center. The pin was probably lost on the south side of Eighth street, somewhere between the residence of Esquire Brass and Black's shoe store. The finder will be paid a suitable reward by leaving the pin at Taber Brothers' jewelry store, or at Mr. Ritter's tailor shop, on Eighth street.

RADICAL REFORM.—The old mode of changing gray hair to a color more or less natural, is eternally abolished. PHALON'S VITALIA, OR SALVATION FOR THE HAIR, imparts to the bleached fibers the very shade that has been bleached out of them by time or sickness, and is clear and has no sediment. Sold by all druggists and fancy goods dealers. jy25dawlw

A NEW ADVERTISING DODGE.—Every time a lady who uses fragrant Soudant opens her mouth, she advertises the article. The state of her teeth is a certificate of its excellence. No spot darkens their surface, no impurity clings to them, the cushions in which they are set are rosy, and the breath that sweeps through them is sweet as the breeze of June.

SPALDING'S GLUE, useful in every house. dawlw

VOLUNTEERS.—The telegraph informs us that 100,000 men have volunteered in Germany to fight France, and that an equal number of men have volunteered in France to fight Germany. This fact shows how patriotic the European belligerents are and proves that every citizen of Cairo ought to buy one, two, three or more tickets to the Gift Enterprise of Mr. Kelly. By doing so, a fortune will be secured to some person. The tickets are \$5 each and the drawing will occur on the 1st of August.

SOUTHERN ILLINOIS TEACHERS' ASSOCIATION.—The third annual meeting of the Southern Illinois Teachers' Association will be held at Anna, commencing August 30th, and continue in session for three days. The leading educators of our own State, and one or two from Indiana will be present. No better place could have been selected than Anna. We congratulate the Association upon the selection. The Illinois Central railroad will return all those attending the Association for one-fifth regular fare. We shall publish the programme in a few days.

CLOSED.—The Antrim House has closed its heretofore hospitable doors against the public. Mine host Kelly believes that keeping hotel in hot weather is vanity and vexation of spirit. It is reported that he will reopen in the Fall at some other place in the city.

THAT IMBROGLIO.—The municipal imbroglio is growing in interest. The Council is, at present, master of the situation, and has stolen a march upon the Mayor, which has given him great uneasiness. He is now meditating a grand flank movement, and has had several earnest consultations with his kitchen cabinet. His Secretary of State is of the opinion that it is best to save honor, but his Secretary of War is still confident of final success. Wave, Wilson, all your banners wave, and charge with all your charity!

BASE BALL ON SUNDAY.—The first and second nines of the Delta Base Ball Club played a champion game yesterday on the legal near the Antrim House. A large concourse of citizens witnessed the sport, and to all appearances enjoyed it greatly. The players contested the game very resolutely, and batted, ran, screamed and sweated with the thermometer at 92 degrees. There is no accounting for tastes. In our opinion the man who can face the sun of the present heated term with a base ball bat in his hand, has the courage of the lion, and should lose no time in going to Europe and joining the Franco-Prussian war.

REMOVAL.—The Council Chamber and city offices were removed today to their new location in the building on Washington avenue, formerly known as the Pilot House. The city has secured the first and second floors of the South half of the building. The front room on the first floor has been fitted up for the Clerk's office, and the large room immediately in the rear of it for the Council. On the second floor the Treasurer will have his office, and committee rooms will be prepared. The new location of the city offices is more central than old and the Council Chamber will be more capacious and can be properly ventilated.

There will be a general meeting of the German School Association held this (Monday) evening, July 25th, at 8 o'clock, which every member of the Association is requested to attend without fail. By order of the President. P. G. SCHUB, Sec'y.

A NEGRO DROWNED.—Yesterday afternoon while a number of citizens were bathing in the Ohio river, they observed a negro man who had the appearance of a steamboat roustabout, diving himself of his tattered clothing a short distance below the place where they were bathing. He walked into the water and sprang forward as if to swim, and sank beneath the surface. He did not rise again, and was undoubtedly drowned. Whether he got beyond his depth unintentionally, or being unable to swim lost his life, or deliberately committed suicide, cannot be ascertained. The body has not yet been recovered. Who he was nobody knows.

Remember the Rough and Ready hats in white and brown, at John Antrim's. They are nice—they are cool. See them.

OFF FOR JOLIET.—Sheriff Meyer's took the following prisoners to the penitentiary at Joliet:

Finley Clay, C. S. Mertz, Frank Caton, and William Shields, for stealing three shirts, two pieces each.
Olivier S. Mitchell, for stealing \$139 in money, one year.
Olivier Hodges, for malicious mischief, one year.
Robert Miller and John Kelly, for stealing two mares from Stowe's circus, four years each.
John Sweeney, an ex-policeman of Memphis, for stealing \$97 worth of clothing, two years.

Robert Williams, colored, for burglary, three years. This is Rob's third trip to Joliet.
George Morse, for manslaughter, thirteen years.
Good Calf Boots for two dollars and seventy-five cents only at P. Neff's, No. 79 Ohio Levee.

BEARIN MIND.—That Mishler's Herb Bitters is skillfully compounded, free from injurious component parts, agreeable to the taste, and destructive to disease. If you detect any change from the natural functions of your system, no matter how trivial, or where located, or if disease has already entrenched itself, the really true and reliable remedy in either case is Mishler's Herb Bitters. This assertion is based upon what we know it will do in relieving, curing and warding off disease. For want of space we cannot detail the diversified uses of this Bitters; but its general effects upon the human system are to purify the blood and secretions; correct morbid changes in the blood; equalize its circulation; enrich its constituents and regulate its supply; it imparts vitality and elasticity to every organ; overcomes all functional derangements; assists in the process of digestion; creates a healthy appetite; prevents and cures miasmatic and intermittent fevers, dyspepsia, liver complaints, nervous headache, kidney affections, and revivifies the physical energies by infusing new life and power into the system. jy25dawlw

The Washington Saloon, corner of Washington avenue and Fourteenth street, is the place to get the best and coolest Cincinnati Lager Beer kept in the city. jy25dawlw

For the coolest and most palatable St. Louis larger beer, go to Meyer's saloon, corner of Washington avenue and Twelfth street. jy25dawlw

ITEMS.—Councilman Barclay is at Chicago.
—Worthington is recovering.
—Charles Forrest is at Crittenden Springs, and is very ill.

Barclay's Saratoga water is in great demand in these piping times of hot weather.

Mr. M. B. Harrell leaves to-day for Crittenden Springs in search of a cool spot, recreation and rest.

Sheehan gobbled a noisy drunken man on Tenth street yesterday, and aided by Alderman Fitzgerald locked him in the calaboose.

Rev. Nelson Rix, of the colored Free Baptist Church, immersed two male converts yesterday in the Ohio, near the stone depot.

Mayor Wilson having returned to the city, the blushing honors of Mayor pro tem. Mendel have been nipped in the bud. His administration was brief but brilliant.

White pantalons and dress coats will be the uniform of the Colored Republican Club of this city. They propose to demonstrate in favor of Munn in a few days.

And on the 2d the Free Benevolent Sons of America will celebrate the great event at Cape Girardeau, and listen to eloquent speeches by Messrs. G. W. Ellis and J. Gladney.

The followers of the Rev. Mr. Shores, including Mr. Munn, will barbeque on the green near the reverend gentlemen's church. This important event will occur on the 4th of August.

The stated meeting of the joint session of the City Council will be held next Friday evening, on which occasion the Mayor proposes to move upon the works of the obstreperous councilmen.

A bat slipped from the hands of one of the Delta Club baseballers yesterday, and struck a small boy standing by, on the ribs. The blow was heard several squares. The boy was not seriously injured.

A tergiversant female amused herself yesterday afternoon near the Antrim House, by throwing bricks at the windows of her own house. Her husband was inside and acted with much gallantry.

For a shave, or hair-cut or shampoo, if you want your hair and whiskers dyed to your own satisfaction, call at J. Geo. Steinhilber's shop, corner Eighth street and Commercial avenue, (Perry House.) June 14th.

At Locust Grove—the four locust trees on the flat near the new custom house—another demonstration will be made on the 1st of August. The orators of the occasion will be Messrs. J. L. Green, P. McAlister and P. H. Pope.

Mayor Wilson is giving the ordinances enacted by the Council during his late absence prayerful consideration. Is it not just possible that he may resolve himself into an independent council and repeal them? We would if we were Mayor.

On the first of August the Colored Masons and the United Brothers of Friendship will join a number of their Kentucky brethren five miles below Hickman and will be addressed by several of their most reputable orators—Messrs. Jones, of Corinth, Mississippi, and Bird and Linegar, of Cairo.

Now is the time to secure the most desirable rooms at the St. Charles at low figures. During July, August and September, a large deduction from regular rates will be made. A few more day boarders can be accommodated at the old rate. The coolest and most spacious dining room in the city. jy25dawlw

A new supply of Calf Boots and Gaiters sent received at P. Neff's, No. 59 Ohio Levee.

Do not be discouraged. If you have dyspepsia or any disease of the liver, there is a long life of happiness before you, if you only use Simmons' Liver Regulator. dawlw

A BOY'S INVENTION.—We have just examined a new attachment for all Sewing Machines, called "Leslie's Magic Buffer," for making ruffling and puffing, which has been invented by a boy, after several months of most persevering study, which has discouraged many an older head. It is a perfectly simple device, which can be understood at a glance, and used with ease by every one who can run a sewing machine, and does its work to perfection. It will gather and sew to a band in the neatest possible manner.

As ruffling is used in large quantities by every family, we trust the sale of the instrument will well repay the persevering boy for his industry.—Chicago Evening Post.

NORZ.—The Buffer will be sent by mail to any address, on the receipt of the price, \$1.50 and name of the machine, and after a week's trial, if not found satisfactory, it may be returned, and the money will be refunded. Address, CORNEL WARD & CUMINGS, 133 Lake St., Chicago.

PARSONS, Davis & Co., at Nos. 5 & 7 Tenth street, have received their second large stock of Fruit Jars for the summer trade, which they are offering at much lower figures than last year's figures. Good Glass Jars at \$1.50 per doz.; Mason Jars, self sealers, at \$2.75 per doz. same with porcelain lined caps, \$3 per doz. Call and examine at the QUEENSWARE HOUSE.

Just received at P. Neff's, No. 79, Ohio Levee, a splendid lot of spring Cassimeres Coating and Vestings, which will be made up in the most fashionable styles, and at prices to suit the times, a perfect fit guaranteed or no sale. jy25dawlw

THE HEATED TERM.
Automatizing Effects of the Imagination
—How the Mercury went up, and how a heat-imperious Citizen began to sweat and deprecate the heated term.

The heated term is having a most wonderful effect upon the people of our city. Many are quietly leaving for lodges in the wilderness and for the watering places, while most of those who are compelled by impunctuality or business to remain, are in dubiousness as to the business of complaining at the heat and bawling their inability to induce the winds of Alaska to visit our corporate limits. But a few there are who profess to be impervious to the heat, refuse to sweat, and declare they rather like the broiling sun and the sultry hours of the warm days. One of these heat-defiers came to grief the other day in a very laughable manner.

Our readers have seen cheap thermometers, in which the numbered plate behind the mercury may be moved up or down. If moved down, higher. In the office in which the gentleman to whom we refer does business—(he is a merchant and a fine musician)—is a thermometer of this description. The other day—one of the hottest of the season—the gentleman began to boast to his office companions that he felt no inconvenience from the heat, that it only warmed his blood somewhat, making it glow like wine; in fact exhilarating instead of enervating him.

The mercury then stood in the room at 96°, but was sinking in the tube, a fact of which Mr. — was not aware. In a moment or two he had business in the next room, and while absent one of his companions slipped the numbered plate down, making the mercury stand opposite the figures 109°. Returning to the room Mr. — happened to look at the thermometer, and said: "This is actually the hottest day of the season. In fifteen minutes the mercury has risen 9°!"

And he began to look a little flushed in the face. A solitary bead of sweat suddenly made its appearance on his forehead.

Again he was called out of the office. Again the plate was slipped, and the mercury stood opposite the figures 109°.

"Why," he exclaimed, returning, "the heat is actually becoming intense. Within an hour and a half the mercury has risen 15°!"

And several beads of sweat appeared on his face, while all the men in the office were swinging their fans with energy, declaring their belief that the fires of Tophet had burst their bounds and were about to consume sinful humanity.

Again the plate was slipped down, and the mercury seemingly rose in the tube 2°, and stood at 115°.

How the fans fluttered in that heat-lashed office. One young man got a sponge, filled it with ice-water, placed it on his head and declared that he could not live any longer and wished not to stay.

"It is hot," said Mr. —, now becoming thoroughly alarmed. "I never saw the like of it. I can stand heat with anybody but this is becoming intolerable."

Slip again, and the mercury stood opposite the figure 120°.

By this time, the office men were all nearly dead with heat. Fans fluttered; ice water was poured down parched throats; and they all looked like melting masses of humanity.

By this time Mr. — had thoroughly caught the infection, and had stripped himself of coat, vest and shirt. From each of his pores a torrent of sweat was spouting. Holding a mass of ice in one hand, with eager haste he fluttered a large fan with the other.

"Did you ever see the like? One hundred and twenty degrees and still rising! I don't blame you for your complaints. I can stand as much heat as any man, but I am actually suffocating."

Just then he glanced at the thermometer, and it stood at one hundred and twenty-six degrees!

"Good God, boys, look at that! One hundred and twenty-six degrees! H—! has broken loose and no mistake! Let us pray!"

Just then an explosion of laughter made him look around the room with curious eyes. He saw all his companions rolling on the floor in an ecstasy of merriment. At first he thought the extreme heat had crazed them all, but, in a moment, seemed to understand the situation. Glancing at the thermometer he noticed that the mercury stood at only ninety-two degrees!

And then he swore, and finally cooled off. He now denies that there is anything in the story of his discomfort, and is again acting the role of the salamander. He has never smiled since that momentous day, and like the king who lamented the death of his son, will never smile again.

MINERAL WATERS.

FIRST OF THE SEASON
Kiesling, Selter, and Blue Lick Waters, and all the other variety of waters from the celebrated springs of Germany and America, on draft and for sale by the glass gallon or barrel at the drug store of B. T. Whitaker, No. 108 Commercial avenue, Cairo, Ill. apl25

—Tricot and basket cassimeres suits, very fine, made to order, at the old reliable clothing house of John Antrim, No. 78 Springfield Block.

LEECHES.

Fresh, healthy Swedish Leeches received regularly from the importers in New York. Applied and sold, wholesale or retail, by F. THEOBOLD, Sixth st., near Ohio Levee.

Be on Your Guard.
The unexplained success which for twenty years has accompanied the use of Hostetter's Stomach Bitters proves the only of ignorant impostors in all parts of the country, and the comforting business having been successfully played out in consequence of the numerous suits instituted against the offenders, a new system of tactics has been adopted. In the West and South especially, a legion of "Bitters" prepared from worthless materials and bearing a variety of names have been got up by irresponsible adventurers with the hope of substituting them to some extent for the Standard Tonic of the Age. In some cases country druggists are the connectors and purveyors of these unwholesome and trashy compounds, which are warmly recommended by the vendors, who endeavor to plant them off upon the credulous in lieu of the great specific which has never yet had a successful competitor either among proprietary preparations or the medicines prescribed in private practice. This notice is intended to put the public on their guard against the use of these cheaply engaged impostors, and to induce them to purchase the genuine Hostetter's Stomach Bitters, the great vegetable purgative and alterative, and reject, with contempt, the worse than useless mediocrity offered in its place. It is an important to the public as to the proprietors of the famous restorative, that this advice should be heeded. jy25dawlw
